Questions and answers based on the King James Version of the Bible. Teachers and students are encouraged to compare word choices in other reliable translations, such as the New King James Version.

## Editor's Statement

*Panoramic Views of the Bible* by Wyatt Sawyer has been a popular, topical overview of the Bible books for decades. Each page opening introduces some information about a Bible book on the left page whereas the right page has fill-in-blank questions. Until now, the study of the Bible books has been arranged in three volumes – two for the Old Testament and one for the New Testament. For the first time in this printing, Book I, Book II and Book III have been collected between a single cover. However, the individual and original layout of the previous volumes remains the same. In addition, the book has been resized and transformed into a perfect binding, both of which alterations make for more convenient shelf storage and easy identification with spine information. Finally, *Panoramic View of the Bible* now sports a full-color quality cover, which besides being attractive will enhance the book's shelf life.

*Panoramic Views of the Bible* is an excellent, non-doctrinal, informational overview of the Bible – all sixty-six books. It provides a basic familiarity with God's revelation to mankind, whereby new Christians, youth and Bible students of any age can undergird and heighten their understanding of the Scriptures. Especially Bible classes that enjoy fill-in-the-blank workbooks will appreciate *Panoramic Views of the Bible*.

World Evangelism Publications is happy to present to you Wyatt Sawyer's ever popular title *Panoramic Views of the Bible*. Furthermore, we are pleased to perpetuate the availability of this Bible study resource. We keep in print nearly 300 titles of Bible study books, church growth books, church leadership books, sermon outline books and mission books. Besides this, we have 120 full-color, glossy, shirt-pocket sized tracts on a variety of subjects. Visit us online by going to *Gospel Gazette Online* at [www.gospelgazette.com](http://www.gospelgazette.com) and selecting "Store." # Purpose

The purpose of this course of study is to encourage a better understanding of God's Word through a wider knowledge of its contents.

## Two Approaches

This course may be taught in numbers of ways. However, two methods have found the greatest success. We will call them the Survey method and the Comprehensive method.

### The Survey Approach

The author has always followed this plan when teaching this course. It entails a "sweeping" view of the Bible in sixty-six weeks. One book is studied each week. The simple steps in this method are as follows:

**First class session:** The teacher analyzes the Book of Genesis using the outline. The questions on Genesis are assigned for the next session. These are checked at the beginning of the next class session and lessons are drawn from three or four of the questions. Checking these questions should take 25 to 30 minutes out of a full 45-minute class session. Then 15 minutes or so should be reserved for the teacher's analysis of Genesis. This is the fast schedule and merely surveys the high points. Students should be encouraged to read each book in full each week.

**Advantages:** This plan acquaints the class with what material is in each book of the Bible, where it is and more nearly gives the student a "panoramic" view of the Bible as a whole.

### The Comprehensive Approach

This method is the slower of the two. The teacher may discuss the outline of a book one week and spend three or four weeks on the questions on that book. This takes much longer but goes deeper into the many lessons that may be stimulated by the questions. The emphasis in either approach is on the questions, as the outlines are given mostly to provide background on each book. The student should have a wonderful encyclopedia of Bible knowledge upon completion of this course of study. This should prove extremely helpful to teachers, preachers and students alike.

## Helps With This Course

Additional reference books will be helpful to the teacher and to the student of this course. These help one acquire a broader knowledge of God's sacred Scriptures.

Serving an international readership with the old Jerusalem Gospel via the Internet

In late 1998, *Gospel Gazette Online* (GGO) was born of an idea and a desire to extend one's usefulness beyond the local setting, coupled with the (financial) go-ahead by my wife. From time to time in the past and in various locations around the country, *Gospel Gazette* appeared in printed form. First, *Gospel Gazette* was a quarterly, tabloid-size, newsprint magazine, which was distributed through paid insertion in a city newspaper. Years later, *Gospel Gazette* appeared again as a paperback-size booklet which was mailed to community households.

*Gospel Gazette Online* made its debut in January 1999 as a monthly, religious Internet journal. Today, it is a 16-page, monthly Gospel magazine read by people all over the world (from all seven continents, including Antarctica). Obviously, *GGO* via the Internet is available even in some places in the world to which one cannot easily go physically with the Gospel of Christ. Each issue sports articles by Christian men and women on a variety of biblical subjects. In addition, thousands of articles from past issues appear in the Archive and may be selected with the help of the site search engine.

Dozens of brothers and sisters in Christ have lent their studious pens through the pages of *GGO* to an international readership of both Christians and non-Christians. By design, short, teaching articles populate *Gospel Gazette Online*. Thereby, *GGO* purposes to edify both Christians and non-Christians with Bible-based lessons. Response from readers reveals a wide array of religious backgrounds, including members of the churches of Christ, denominational bodies and world religions. Most fan mail is positive and encouraging, though some of it ranges from critical to hostile, bordering on hate mail. A couple of the more heartening posts include correspondence about baptisms in Saudi Arabia and the request from a Muslim in Pakistan that I pray for his sick wife. Subsequently, after initial contact through the pages of *GGO*, and later studying with Christians in his country, he put Jesus Christ on in baptism.

Any good that *Gospel Gazette Online* has done or continues to do is owing largely to the many Christian writers whose articles comprise each issue. Most of my immediate family has had or continues to have a significant role in any successes that may be attributed to *GGO*. Beyond that, if *GGO* is a useful tool today, it is also because of a number of persons in the Christian family of God. Periodically, the recipient of lauds from around the globe, if there is anything praiseworthy, let the glory be to God.

## Global Harvest

*Global Harvest* magazine chronicles in text and pictures various missionary endeavors of the churches of Christ around the world, not just those efforts put forth by the World Evangelism Team (individual congregations and Christians stateside and worldwide who voluntarily cooperate). Through this full-color, glossy magazine, brethren can know what is being done already to evangelize the world, and one can discern what remains to be done to fulfill the Great Commission.
